BAY ST. LOUIS, MISS., FRIDAY, APRIL 12, 1946

VOL. 54 — No. 15

## OFFICERS ELECTED FOR KINGS DAUGHTERS HOSPITAL

At the regular monthly meeting of the Bay St. Louis Circle of Kings Daughters and Sons held Monday morning at the Hospital office the following officers were elected for the ensuing year: Mrs. Roger Boh, president; Mrs. George R. Rea, first vice president; Mrs. Lucien M. Gex, second vice president; Mrs. G. Y. Blaize, secretary; Mrs. Leo Ford, treasurer; Mrs. M. A. Gilmore, historian; Mrs. George R. Rea, chairman of publicity.

The resignation of Mrs. H. A. Albert as superintendent of the hospital was read and accepted with a great deal of reluctance and Mrs. Santa Cruz was elected to succeed her. Mrs. Santa Cruz, the former Miss Myrtle Rhodes, has had experience as superintendent and the hospital is fortunate in securing her. The hospital staff of nurses is composed of Mrs. Albert, Mrs. Irene Breeland and Miss Juliette Perre; alternates are Mrs. Emily Lacoste, Mrs. Ella Maybin, Mrs. H. W. Moore, Mrs. L. D. Johnson, Mrs. J. W. Jacobs and Miss Mary Weingerter.

Mrs. Ben Hille was given a rising vote of thanks for the splendid service she has rendered during her two years as president. The time of monthly meetings was changed to the first Wednesday of each month at the hospital at 5 p. m. and all members of the Kings Daughters circle are expected to attend these meetings. The date of the annual miscellaneous show was set for Monday, May 14, from 2 to 5 p. m. This show has always been on Florence Nightingale's birthday but inasmuch as that date falls on a Sunday this year the date of the show was advanced to May 13. Any gifts will be acceptable and will be appreciated.

A Hospital Guild has been organized with the following members: Mrs. George R. Rea, chairman; Mesdames Louis Fairchild, Charles G. Moreau, M. W. Briggs, E. H. Singreen, and Misses Elizabeth Pearson and Adele Seyle. The duty of the members is to take care of the linens and keep fresh flowers in the rooms. Miss Seyle volunteered to read to convalescent patients.

Mrs. Charles A. Breath is also a member of the Guild.

## FATALLY INJURED

NOVILLE NECAISE

Noville Necaise, 14 year-old son of Mr. and Mrs. Ambrose Necaise of Standard Community, who was fatally injured in an automobile accident near his home on March 30th.

## CHRIST CHURCH HOLY WEEK ACTIVITIES

Attention is called to the following services which will be celebrated at Christ Episcopal Church during Holy Week:

Palm Sunday—Morning Prayer and Sermon at 9:30 A. M. Youth Service at the Parish House at 5:30 P. M. (Mrs. Warwick Aiken will be guest speaker at the Youth Service, and parents are requested to remind the young people to attend if possible.) Wednesday—Holy Communion at 10 A. M. Thursday—Maundy Thursday Service at 8:00 P. M. (This is the first time in four years that the Celebration of the Last Supper has been held in Christ Church and particular attention is called to this announcement.) Friday—Good Friday Service between the hours of noon and 1:00 P. M. Easter Sunday—Holy Communion at 8:30 A. M. Holy Communion and Sermon at 9:00 A. M.

## DISCHARGED AND AT HOME

Joseph di Benedetto, son of Mr. and Mrs. Jos. di Benedetto of this city has returned to the states after three years in the service of the Army.

He has received his honorable discharge from the service. Mr. di Benedetto has seen first hand the results of the ravages of war and feels that America has suffered little comparatively speaking. "And" said Mr. di Benedetto, "It's a grand country to come back to." Mr. di Benedetto says that Belgium has made astonishing advancement considering what it suffered and that France is lifting its head above the debris of destruction and is building. Shops are showing displays of attractive goods and ready made and it is expected that the tourists will be returning to the Riviera and Paris. He was in Strasbourg, Germany for two weeks and remained in France for five months. He says he stayed in Frankfurt, Germany, for seven months. Today he says, German people live from meal to meal and from day to day. They are not in any way regaining what they have lost and seem not to be too interested in the future. He visited Heidelberg, which is noted for its churches and universities which stand almost complete. The ancient castle which is fast passing into decay impresses visitors still and it is here that one is impressed with what destruction has been wrought in other cities. In Berlin Mr. di Benedetto found almost complete ruins. The Tiergarten has nothing left of its beautiful park but charred trees and stumps, and other words firewood.

As Mr. di Benedetto sees it there is much for America to do to help the situation and supply food for those so unfortunate as to never have sufficient food.

Bay St. Louis is glad to have another of our boys home safe and to stay but better it's nice to know that he is glad to be in the United States.

## Typing Pins Awarded

Pins were awarded to three Bay High students at the assembly period on Monday for having typed the required number of words in a minute on a fifteen minute standard test. These students had acquired this speed before the close of the first semester which is unusual in typing tests.

The students are Raymond Schindler, Irwin Kingston and Mary Casey.

## Woman's Society Meeting

The Woman's Society of Christian Service of the Methodist Church will meet at the home of Mrs. W. L. Bourgeois with Mrs. E. S. Drake as co-hostess on Tuesday, April 16th at 3 p. m.

## HOLY WEEK SERVICES AT OUR LADY OF THE GULF CHURCH

Services for Holy Week at Our Lady of the Gulf Church will begin on Sunday, April 14th, which is Palm Sunday, with the blessing of the Palms at 11 o'clock Mass. On Wednesday night at 7:30 there will be sermon and Benediction of the Blessed Sacrament.

Holy Thursday morning there will be a Solemn High Mass at 7 o'clock to be followed by a procession of the Blessed Sacrament. The Blessed Sacrament will be exposed all day on Holy Thursday and until 11 o'clock Thursday night, for visitation and adoration.

Good Friday Services will be at 8 o'clock A. M. There will be the reading of the Passion of Our Lord, the unveiling of the Cross and the Mass of the Presanctified. The 'Tre Ore' will begin at 12 o'clock noon and end with sermon and Way of the Cross at 2:30 P. M. On Friday evening there will be a sermon and Way of the Cross.

On Holy Saturday morning services will begin at 7 a. m., with the Blessing of the Fire, Holy Water, etc., and these services will end with a Solemn High Mass.

On Easter Sunday morning, there will be five Masses as usual, with the 11 o'clock Mass being a solemn High Mass.

## Second Meeting Of Law Enforcement Group

The second meeting of the law enforcement group was held in the courthouse on Friday evening with the Rev. August Holden presiding. There was a representative number present and the meeting was conducted in a most orderly and dignified manner. The meeting opened with prayer by Mrs. Paul Delcuze and Mr. Holden stated the object of the meeting and called upon any one who wished to have something to say. There were short talks by Mrs. Jeanette Carmichael, Rev. P. E. Pierce, Mrs. Delcuze, Woodrow Speer, Edward Payard, Roy Gordan. All expressed themselves as standing for law enforcement and the fighting of evil.

Nothing definite was done other than the appointing of four new members on the steering committee: Mrs. Paul Delcuze, Mrs. C. C. McDonald, Mrs. Jeanette Carmichael and Edward Payard. Time of next meeting was not decided upon.

## Places Robbed

Thieves broke in the Bay St. Louis Hancock County Library and the office of Dr. A. P. Smith on Tuesday night. Locks on the doors of both places had been forced open and the rooms pillaged. Approximately nine dollars was taken from the library. The bank book and a signed check drawn to the library had evidently been taken and then thrown into the rifled drawer.

Nothing was missing from Dr. Smith's office and it was thought the thieves may have been trying to find some dope of which they did not find, as there was none in the office. No clue of the identity of the man has been found.

The thieves entered the law office of R. L. Genin and took 70c which they found lying loose in the stamp drawer. The law office of E. J. Gex and the office of the Chamber of Commerce had apparently been entered through an open window but nothing had been disturbed.

The Dickson Drug Store had been entered the night before but nothing was missing. There was some cash in the store it was said but they evidently did not find it.

## REGULAR MONTHLY MEETING OF THE N. C. C. W.

At the regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women, held in Long Beach, a most interesting account was given of the Board Meeting which was held in Jackson, Mississippi on Sunday, April 7th. There were seven representatives from the Coast District.

Bishop Gerow presided at the luncheon. His Excellency in addressing those present, expressed appreciation of the grand work accomplished in the Diocese and stressed the starving conditions in foreign countries. He strongly urged that we do our part to help our less fortunate brethren and thus help win the Peace. In all of this work we need Junior leaders, we need our young people to be able to help. A School of Social Service will be held in New Orleans, from June 10th to the 15th and our young girls and boys may attend. The fee is \$10.00 not including board.

His Excellency requested that we welcome the War brides from overseas, help them to become adjusted and if they are not Catholics, help them meet members of their Faith. Finally Bishop Gerow told the ladies they should use the privilege that has been given them, that is the chance to vote. We should consider it a duty and that each vote is needed, we certainly cannot feel that we can leave it to the other fellow.

At the business meeting, Father Chatham spoke on Vocations to the Religious Orders, that it is a duty of the parent to teach the meaning of such a vocation, when they are teaching their child the Catechism. Rt. Rev. Msgr. Wm. Leach stated that there is now a hospital in Jackson, Mississippi, under the supervision of the Dominican Sisters. At present there are accommodations for seventy five patients.

At the close of the Long Beach meeting Father J. J. Martin, C. M., gave a very impressive talk on the Catholic Principles of making a home.

## AUTO TAG BUYERS MUST HAVE RECEIPT

All persons purchasing automobile license tags are required to present tax receipts showing that ad valorem taxes on the vehicle have been paid, according to House bill 119 passed by the present legislative session, Alvin Genin, chief deputy in the Hancock County sheriff's office emphasized Thursday.

Without these receipts, no license plates will be issued, he declared, warning all that have not yet paid ad valorem taxes that they must do so if they expect to get a tag next year.

They must also be prepared to fill out a questionnaire showing their name and address, the county in which they reside, the type, make and year of the car, the motor number of the car, the name of manufacturer, and previous license tag number and state of registration; the number of seats, cost price, and address of person from whom purchased.

## Magician And Hypnotist To Appear at Bay High School Wednesday, April 17

On Wednesday, April 17, at Bay High School Mr. Bob Bovet, noted Magician and Hypnotist, will give a performance at 1 p. m. Admission 25c for adults and 15c for children. This is a benefit performance, sponsored by the members of the P. T. A. As this young man is one of the best, there is no doubt that he will keep you spell bound and you will go away wondering just how he performs his many feats.

## HANCOCK COUNTY C. OF C. ACTIVITIES

The general meeting of the Hancock County Chamber of Commerce was held in the Bay High School gymnasium on Thursday evening April 4th with a good attendance of members.

Mr. Harry Stone formerly of Beaumont, Texas, one of the principal organizers of the seafood packing plant to be located at Bayou Caddy and which was mentioned in last week's issue of this paper gave an outline to the members of his proposed facilities as well as contemplated operations and from all indications this project will get underway in the very near future.

## HANCOCK STOCK FEED CO. DEHYDRATOR

The recently purchased Challenger Model Sweet Potato Dehydrator was received and installed in the Mont Building and on Tuesday, April 9th the officials of the company made a test run for three hours. This machine according to the owners of the Hancock Stock Feed Company performed beautifully. It is hoped and anticipated that the sweet potato crop will be the largest this year of any which will afford the owners of the new firm ample supplies for dehydration into stock feed.

## BAY ST. LOUIS NEON SIGN

Permission to erect the large 26 foot double sided Neon sign reading "BAY ST. LOUIS" at a slight distance from the head of the Bay bridge has been applied for and on receipt of permission should be erected in the next two weeks. It will identify our town to travellers either going East or West and will be an added attraction to our community which everyone should be proud of.

## CLERMONT HARBOR CIVIC ASSOCIATION

Realizing the benefits they are and will derive in the future from the activities of our Chamber, the Clermont Harbor Civic Association on Saturday, April 6th voted unanimously to take a membership in our organization. This is a very fine gesture on their part, however, when one takes stock of their organization which is certainly one of the most progressive on the coast here is little wonder that they are availing themselves of additional information and cooperation from our Chamber. Through their efforts they have erected a community pier, have installed speed signs where necessary and at this time are having street identification signs painted in an attractive color and will have all of them erected in the very near future. Congratulations are in order to this civic organization who are making their community a good place to live in and enjoy the better things of life.

## Changes In Enlistment Requirements

Greater skill and ability required of men in the new Army has necessitated sweeping upward changes in enlistment requirements, according to an announcement made in Jackson yesterday by Colonel Malcolm Byrne, commanding officer of the Mississippi Military Area.

New classification tests now being given to all prospective recruits at the Camp Shelby induction center have necessitated the rejection of over one-third of the applicants who had already met previous enlistment requirements.

"The days are past when you can make a soldier out of anyone strong enough to carry a pack and a rifle," according to Colonel Byrne. "The handling of modern weapons and equipment requires considerable skill and ability. The vastly important job of securing the peace can be entrusted only to a modern army made up of highly trained and keenly intelligent men."

"The need for such men is reflected in the high standards of pay and financial benefits now being offered to enlisted men in the regular Army," he continued. "Present enlisted pay scales compare very favorably with those prevalent in industry in this region and security and retirement benefits far surpass those available to workers of most any other trade or profession."

"There are instances here in Mississippi where regular army men in enlisted grades receive more than \$400 cash in pay and allowances monthly, and the army retirement plan will enable other Mississippians to leave the service as young as 38 years of age with an assured monthly income for the rest of their lives," according to the colonel.

## Bay High Represented In Platform Events

Bay High School will be represented in the Platform events at Biloxi Field meet on Saturday as follows: Expression: Julia Burns; Declaration: Clois Pucheur; Girls' quartet: Jean Pritchard, Lanell Price, Barbara Dresner, Charladine Russell. A twenty-four girls chorus will also participate.

## Enters Fisher Body Craftman's Guild Contest

C. KEITH CAPDEPON

One Bay St. Louis boy is listed among the thousands of youths throughout the United States entered in the 1946 competition of the Fisher Body Craftman's Guild for the building of model automobiles and Napoleonic coaches.

The Bay St. Louis entrant in the model car competition is C. Keith Capdepon.

The Craftsman's Guild, an educational foundation sponsored by the Fisher Body Division of General Motors, is offering \$75,000 in awards in the 1946 competition, including eight university scholarships. The competition is open to all boys between 12 and 20 years old.

In addition to the national competition for boys, the Craftsman's Guild is sponsoring a special \$30,000 competition for hospitalized members of the nation's armed forces.

Keith is a son of Mr. and Mrs. Leon C. Capdepon, and grandson of Judge and Mrs. Leon B. Capdepon.

## METHODIST PROGRAM FOR HOLY WEEK

Two services each day will be held at the Bay St. Louis Methodist church next week, Rev. Philip E. Pierce, the Pastor, announced today. Rev. J. L. Neill, Superintendent of the Seashore District of The Methodist Church, will preach each evening (Monday through Friday) at 7:30. Special music is being arranged each evening by Mrs. J. B. Goldman. Each morning at ten (also Monday through Friday) Rev. Neill will teach a course on "The Meaning of The Kingdom." Rev. Neill will also be guest preacher at the Methodist Church next Sunday evening, and following the service he will conduct the church's Third Quarterly Conference.

Next Sunday morning (Palm Sunday) the Pastor will preach on "Crown Him With Many Crowns." The choir, under the direction of Mrs. J. B. Goldman, will sing Faure's anthem, "The Palms."

## RED CROSS DRIVE

The Red Cross Campaign is over, and Hancock County is justly proud of its record in again having met its quota. In most of the War time drives this County has finished one of the top counties in the State. The cooperation of the workers and the generous response of the public has made this possible. Mrs. A. P. Smith, chairman, and Mrs. George R. Rea, co-chairman are most grateful to the district chairman and their workers for their loyal and untiring efforts and to the Bay-Waveland Garden Club members who helped to have the quota of \$5,100 fully subscribed.

The auction sponsored by the Bay-Waveland Garden Club on March 30, to help the Red Cross campaign met its quota netted \$391.00.

## Poppy Day To Be Held Saturday, May 25th.

Saturday, May 25th, will be the first peace time Poppy Day. This program is directed by the American Legion Auxiliary in memorial of those gallant heroes who lost their lives in World War I and II, announced Mrs. S. C. Meddow, Chairman of the American Legion Auxiliary Poppy Program in Mississippi. Everyone is urged to buy and wear these memorial poppies to honor our comrades who gave, give aid to child welfare, for rehabilitation of disabled veterans, and help the non-pensioned hospitalized veterans who made them. The disabled veterans of the Gulfport Hospital have made these poppies by hand and will be paid by the American Legion for their untiring efforts. This gives these disabled veterans the encouraging experience of again earning money, while at the same time paying tribute to their fallen comrades.

The goal for the poppy program of 1946 in Mississippi has been set at 200,000 again this year. This program has been handled primarily by the Auxiliary Units, but in localities where the Auxiliary Unit does not exist, the Legion and volunteer workers of the community play a prominent part in the poppy sales.

## Mississippi Farmers To Keep Production As High As Possible

State College, Miss.—Mississippi farmers intend to keep production of food and feed crops as high as possible, in spite of continued shortages of farm labor, equipment and fertilizer according to indications received by Extension specialists.

As early as February farmers indicated that they would plant 101 percent of their 1945 corn acreage, the same amount of hay as last year, 95 percent as much soybeans, 90 percent as much cowpeas, peanuts and sorghum, 104 percent of their 1945 Irish potato acreage and 101 percent as many sweetpotatoes.

"They responded to every call for food and other essential crops during the fighting period," J. M. Weeks, Extension agronomist, points out, "and will again respond to meet the food needs of starving millions of people in other lands."

"Severe adverse weather conditions, last fall prevented the planting of the usual acreage of oats. Only 357,000 acres were planted, or 65 percent of the 525,000 acres planted the year before. This fact should be considered in planning the grain feed crops this year."

"Hay land or early planted corn land should enable farmers to harvest these crops early and to plant oats this fall. It will take much less labor to grow oats than to grow corn or other row crops."

"Farmers who obtained their fertilizer early enough should use more nitrogen fertilizer on corn to increase the yield per acre. An application of 24 to 32 pounds of nitrogen ordinarily raises the yield from the low average of 15 bushels to 25 bushels per acre."

"In other words, a farmer may reduce his acres in corn 50 percent and still make more corn than normally, if he fertilizes the acres planted with 200 pounds of nitrate of soda, or its equivalent, per acre. The other 50 percent of the fertilizer could be made available for badly needed legume hay, and oats for fall planting."

"Heavily fertilized corn can support a larger number of stalks per acre. Such corn, spaced one stalk every 14 to 16 inches in the drill, yields much more than wide spaced corn, especially on soils which usually retain moisture well."

"Another good practice is to plant corn early. Plantings made in April usually yield about 60 percent more corn than plantings made in late May and June."

"Early planting, heavy applications of nitrogen fertilizer, relatively close spacing in drill, and rapid, clean cultivation until the corn is about three feet high would raise the average corn yield in the state from the low 15 bushels to a more profitable yield of 25 bushels, according to widespread tests and experience of good corn producers."

## Kenneth Knoblock Dies Wednesday Afternoon—Funeral Services Held Thursday Morning

Kenneth Knoblock died at his home 324 Beach Boulevard Waveland, on Wednesday afternoon, at 5:30 following a long illness.

Mr. Knoblock, former columnist on the New Orleans Item, had retired from work because of his health, but after coming to Waveland to live had sufficiently improved to resume his position with the paper. However, he was again forced to retire less than a year ago and has been under medical treatment since.

His funeral was held Thursday morning privately and interment was in Cedar Rest Cemetery. He is survived by his wife the former Miss Adeline Katz of New Orleans.

Mr. Knoblocks came to Waveland to make their home several years ago and both took an active part in war work and in civic affairs too. Mr. Knoblock offered himself for service to his country but was rejected because of his health.

Mr. and Knoblock made many warm friends here and Mr. Knoblock's keen sense of humor and wealth of information made knowing him a privilege. Sympathy is extended to his widow in her loss.

## Unusual Spectacle

A very unusual spectacle was witnessed in the sky on Monday at the noon hour when there was a perfect rainbow completely around the sun. The rainbow was a complete circle and was about half the size of the rainbow we usually see if it completed the circle. It had the same seven prismatic colors though they were not so brilliant. Nearer to the sun was a dense cloud with a foggy appearance and then the rainbow showing a streak of white light.

Some said that this is indicative of a storm so this sky phenomenon may have been the forerunner of the storm which struck Alabama. However, the rainbow drew much attention.

+  
Red Cross**

## FOR INSTRUCTION AND FUN

"Yum, yum," cried Jummie, and Oh, what a delicious feeling of satisfaction a good dinner is," said Dad. Mamma smiled a very knowing little smile, and went on about the business of clearing the table. "Where did you go this afternoon Mary?" asked Dad. "I was just waiting for that question honey" from mamma. "I have joined the neighborhood Red Cross Nutrition Class, and the meal which you so evidently enjoyed, was planned by a group of our neighborhood ladies. It is more fun, and after the hectic days of war work and we women really neglected the kitchen, doing so many volunteer jobs which were really essential, why we feel that the nutrition classes which are being organized in the neighborhood for our convenience are a real fun fest, and from now on out, you and Jummie are going to smack your lips daily, after eating the good, and well balanced meals that are planned in our center."

Mary was a wise woman, so why not follow her example and join your neighborhood Red Cross Kitchen Party. For information call Miss Annie Lois May, Red Cross Nutrition Chairman, phone 125 or 129-R. This is one of the many peace time programs offered by your Red Cross. Take advantage of these instructions.—learn the art of preparing delicious, nutritious meals. Give your families real meal treats. Food rationing, the hustle of war jobs took the spotlight from the kitchen as the focal point in home building, but we women must remember that it is the food which we feed our families, that is responsible for the growth and satisfaction of an entire nation. And good food, well served will make the entire family worship Mother for her ingenuity, and want to sing always, "There's no place Like Home."

## Attend Girl Scout Instruction Class

On Tuesday night the executive council of the Bay St. Louis Girl Scouts attended the Coast Council instruction meeting held in the Baptist church in Gulfport. The group discussed the organization of programs and the possibility of a more cooperative Coast organization. Those attending were Mrs. Laverne Smith, Mrs. Norma Perkins, Miss Mary Kittrell, Mrs. F. J. Nelson, Mrs. J. B. Goldman, Mrs. Goldman is leader for Bay St. Louis.

# ... PROCLAMATION ... GOOD FRIDAY

Realizing the solemnity of the Memorable Day of Good Friday, and that the Christian World today bows in sorrow and sympathy, commemorating the World's Greatest Tragedy, and

That it is but meet and proper that our people, too, set aside their every day activities as far as possible and practicable with their every day life and pursuit, to do honor and to further glorify the Resurrection of One who was sacrificed and suffered the expiation of sins of Mankind,

That, in order to pay tribute to the Holy Redeemer, I, as Mayor of the City of Bay St. Louis, do hereby proclaim GOOD FRIDAY, April 19th, a whole day of HOLY AND GENERAL OBSERVANCE; that our acts and attitude be such as to do reverence to the day.

Done this the 9th day of April, 1946, at the City Hall, Bay St. Louis, Miss.

Attest:  
W. L. BOURGEOIS,  
H. GRADY PERKINS, Commissioners.

G. Y. BLAIZE

## VALUE OF EXTRA CURRICULAR ACTIVITIES

THE current topic of conversation making the rounds of the St. Stanislaus Campus is about the rebirth of inter-class sports activities after a lapse of one year. Included in these encounters are many games peculiar to the American school. Among them are basketball, pool, swimming, tennis, handball, softball, volleyball, boxing and track, all of which come under the heading of extra-curricular activities.

The question has arisen, "What is the advantage of these Extra-Curriculars?" This interrogation has myriads of answers, one of them being the culture of a keen sense of teamwork. Also, we must take into consideration the physical aspect. The development of the body through exercise is recognized as one of the best methods of securing strength and health. Another quality cited as being meritorious is the acquiring of a will to win, a strong determination to pull ahead of one's opposition.

But sports are not the only forms of extra-curriculars. Take, for instance, the school publication. This also is a very advantageous occupation outside of school time. A firm background in English is gained by those who participate. Then again, anyone intent on the study of journalism as a profession would receive an abundance of benefits from this.

There are still more types of these beneficial activities, one of the major forms being the school band. This organization trains a student to culture a desire for the finest of the arts. One who constantly prods himself to become a leader in this line contributes greatly to the betterment of the world, since music is the most soothing form of entertainment.

But even more are to be had. There is the sodality, where one is given a chance to express his own opinion on a subject in front of a large group of listeners. It is very probable that this start may be just the thing to produce some of the world's orators. But the true value of the sodality is the spiritual benefit received from it. Nothing can equal an intimate knowledge of God, such as gained by a sodalist. In this same category there is the Altar Boy Society, in which boys learn the miracles of the Mass and gain a firm belief in Christ's presence in the bread and wine. Also one must remember the fact that after the priest, the servers receive the most graces from the Mass.

So, with these benefits in mind, let us hope that more boys are encouraged to participate in these activities, for the good of their school and for the development of their character and body.

—JOHN TOLVE, St. Stanislaus Rock-A-Chaw.

## VICTORY GARDENS TO HELP

DECLARING that the battle against starvation "is just now reaching its decisive stages," Secretary of Agriculture Clinton P. Anderson insists that the need for Victory Gardens is greater in this first year of peace than any single year of the war.

The Secretary was addressing a conference of workers interested in stimulating Victory Gardeners to outdo their wartime record, when, it is reported, 18,500,000 Americans produced forty per cent of the fresh vegetables of the country. Officials say that no matter how much is produced this year, there will not be a surplus in view of the immensity of the needs.

We pass the information along to our readers because we have a faint suspicion that there may be a scarcity of canned vegetables if the nation makes a reasonable contribution to prevent starvation that now threatens millions of people throughout the world.

## DENOUNCES MURDER BROADCASTS

DISTRICT Attorney Fred N. Howser, of Los Angeles, Cal., is aroused over the number of radio programs that feature murder and hopes to be able to bring criminal proceedings against those responsible for broadcasting so many programs that deal with nothing but crime and murder.

He calls the "crime programs pernicious," and adds that they are contributing to youthful delinquency. He does not believe that the sponsors of the ghastly narratives have the right to justify their stories of anti-social violence by a perfunctory concession at the end that crime does not pay.

Mr. Howser contends that the issue is not one of censorship and bases his action upon a California statute which makes it illegal to perform an act which "causes or tends to cause or encourage any person under the age of 21 to commit" a long list of crimes.

## THE SUCKER GAME

"NO one knows what secret weapons Russia has developed or is producing behind her iron curtain of isolation," declares Senator Joseph H. Ball, of Minnesota, who opposes the suggestion of Senator Pepper, of Florida, that we destroy our stock of atomic bombs.

Mr. Ball makes a sensible comment. It is all right to be willing to discard the atomic bomb and to share our information about atomic energy but, before doing so, we should be certain that no nation, sharing our generous gesture for peace, is taking advantage of our sincerity of purpose.

The only time to enter a conference, in connection with disarmament or a new world order, is when other strong, powerful nations are willing to make contributions within their power to the general advancement of the world. To throw all that we have to the four winds without knowing that other nations intend to do and will do, the same, would be to play the sucker game.

## TAX COLLECTIONS

The Tax Commission in three months and two days of 1946 has collected \$11,432,630.79, as compared with \$9,530,082.25 in the same period of 1945. The sales tax has accounted for \$9,712,071.05, or 43.49% of the total. The 1946 sales tax is running approximately one million dollars ahead of last year in the same period of time. The 1946 collection of tobacco tax is more than a half million dollars ahead of 1945. In 1946 the severance tax on crude oil has produced \$315,615.56, running well ahead of the 1945 collection. The general fund balance in the treasury at the close of business on April 3 was \$22,529,135.72.

## LEGISLATURE ADJOURNS

It is impossible at this writing to give a comprehensive review of the work done by the Legislature at its 1946 session, just closed. It may be said, however, that it was the banner session of the state in the amount appropriated for various causes. The appropriations when all are checked up will reach or exceed one hundred million dollars. This does not mean, however, that it will tend to estab-

lish this huge sum as the biennium budget for the reason that much of the money appropriated at this session was for causes that will not come up in the future—such as the State Office Building, the school buildings for the Deaf and for the Blind, for highway construction and other things which will not be in the permanent budget.

## VARDAMAN CONFIRMED

J. K. Vardaman, Jr., son of the late James K. Vardaman who served as Governor and as United States Senator, has been appointed by President Truman as a member of the Federal Reserve Board for a fourteen-year term. There was some opposition in the Senate to the confirmation of Vardaman's appointment, but the won by a large majority.

## HIGHWAY CONSTRUCTION

Already contracts are being let under the new set-up for highway construction in the state. The program of road building upon which the state is now entering will provide a good system of farm-to-market roads, much needed in Mississippi.

Jackson is nearer the center of population in the United States than Boston, New York, Philadelphia, Washington, Mobile, New Orleans, or Houston, Texas.

The income of the average farm family in Pearl River County, Mississippi, has jumped from among the five lowest in the state to one of the top five counties in Mississippi in the past 10 years.

Farmers of Mississippi have established a new record for participation in soil conservation programs. More than 3,448 farmers of the State participated in programs designed to control erosion and conserve soil during 1945.

## Applicants Sought For Merit Exams

Open competitive merit examinations for Clerical positions with the Mississippi State Board of Health, are held several times each month, according to the Merit System Supervisor. The positions are as follows: Secretary, Senior Stenographer, Junior Stenographer, Senior Clerk-Typist, Junior Clerk-Typist, Clerk-Typist, Clerk, and Key Punch Operator.

These examinations are held at five test centers in the State, as follows: Jackson, Hattiesburg, Meridian, Tupelo, and Greenwood.

These examinations offer opportunities to qualified individuals interested in being considered for present and future vacancies with the Mississippi State Board of Health.

Applicants who seek permanent tenure of position with provision for annual leave and sick leave, and opportunity for promotion, should file applications immediately.

Application blanks and full information may be obtained by writing to the Merit System Supervisor, Mississippi State Board of Health, Room 216 First Federal Bldg., Jackson, Miss.

There are 655 producing oil wells in operation in Mississippi today, making the State tenth among the oil producing states in the nation.

### Clermont Harbor

Among the week end visitors here at their summer places were seen: The Frys, Reynolds, Broussards, Mandans, McEvoy, Heintz, Ipsers, Hooley and McCloskeys and several others. Plenty of cleaning up and repairing is being done, which adds to the general appearance of the town.

A correction from last week's announcement concerning the Civic Association meeting. It was held Saturday evening with an attendance of twenty-five. Many things of interest were discussed and voted on.

There will be extensive repairs on the pier as soon as material can be obtained, and it is hoped the harbor outlet can be dredged soon, as a sanitary measure as well as a convenience in taking skiffs out during low tide. Much interest is being taken in the improvements and we miss those who do not attend.

Mrs. F. O. McCoy was in New Orleans Tuesday.

### Lakeshore

Mr. and Mrs. Albert S. Erskine have returned to their home in Maine after spending the winter here on the Gulf Coast.

On Wednesday, Miss Annie Lois May and Dr. C. M. Shipp met with the 4-H Club girls of Gulfview School. Dr. Shipp examined each member and Miss May recorded the names of those who wanted teeth filled, eyes treated, etc. and requested the girls to have their parents cooperate with them to have these minor defects checked at once.

Misses Ethel and Anna Jean Ladner spent Saturday in New Orleans shopping.

Mrs. Victoria Miller and Miss Julia La Fontaine of New Orleans spent Sunday with Mrs. Mary La Fontaine.

Mr. and Mrs. A. G. Courege are the proud parents of an infant daughter. At present Mrs. Courege and the baby are in the Baptist Hospital in New Orleans. Both are doing fine and soon will be able to return home.

### RESERVE OFFICERS TO HAVE 1ST CONVENTION SINCE THE WAR

Reserve officers of Mississippi will gather at the Robert E. Lee Hotel in Jackson on May 4 and 5 for their first convention since the war.

This meeting, which is expected to draw attendance from all over the state, has two primary purposes. First, officers of the Reserve Officers Association, department of Mississippi, will be elected and plans will be formulated to assist in the activation of reserve chapters throughout the state. Secondly, resolutions will be adopted for presentation to the national association concerning pending legislation and other matters which are of importance to many men who have recently served as officers with the army.

Social functions will not be disregarded during the convention, according to Major Hayes S. McCallum, who is presently serving as state president of the reserve officers association. A dinner dance for attending members will be held at the Robert E. Lee Hotel on Saturday, May 4.

Major McCallum urges all reserve officers who plan to attend the convention make their hotel reservations at least a week before the convention because of the critical shortage of rooms in the Capitol City.

### Veterans Problems and Answers

J. How does a veteran make application for a course of education or training under the Serviceman's Readjustment Act of 1944 (GI bill of rights)?

A. By filing an application on Veterans Administration Form 1950, with the Regional Office nearest his location or through the approved educational or training institution which he has selected.

Q. Upon what conditions is a disabled veteran eligible for vocational rehabilitation under the Serviceman's Readjustment Act of 1944?

A. The disabled veteran must have been discharged under conditions other than dishonorable and must have a disability incurred in or aggravated by active service for which pension is payable or would be but for the receipt of retirement pay under the laws administered by the Veterans Administration and must be in need of vocational rehabilitation to overcome the handicap caused by such disability.

Q. Are all veterans entitled to education or training under the Serviceman's Readjustment Act of 1944?

A. Yes. All veterans, whether disabled or not, who were discharged under conditions other than dishonorable and who have served ninety days or more in the armed forces, are entitled to education and training under this act.

Q. Who may borrow money under the Serviceman's Readjustment Act of 1944?

A. Any veteran who was in active service after September 16, 1940, and before the end of the war was established by Act of Congress, who served at least 90 days or was discharged for disability incurred in line of duty and who was discharged under conditions other than dishonorable. If eligible, he should apply through his local financial or banking institution.

—An Echo classified ad costs only 10c per line (Minimum 30c) but the results are worth dollars to the advertiser.—Advt.

There were nearly 100,000 members in 4-H Clubs in Mississippi last year, more than double the number ten years ago.

Only three states in the nation recorded a reduction in accident deaths during 1945—Mississippi, Delaware and South Dakota.

Nice easy chair you have, friend. This is real comfort. I'll bet you are one of my nephews whose family life rests on a firm foundation of United States Savings Bonds. Every spiritual leader in this community will tell you that I'm right. The first material possession any right-thinking, right-acting citizen acquires is savings. United States Savings Bonds are safe savings which grow in amount \$4 for every \$3 invested at the end of ten years.

### Reenlistment of Enlisted Members of Women's Army Corps Desired

The reenlistment of three hundred former enlisted members of the Women's Army Corps for assignment in the European Theater is desired, according to an announcement made by the Mississippi Military Area.

The announcement stated, however, that only certain MOS numbers are eligible for this duty. The classifications needed are Stenographers, Clerk Typist, Clerks, general, Telephone Switchboard Operators, and Teletype writer Operators. Applicants with no prior overseas service be given first priority in filling these vacancies.

Reenlistments must be accomplished not later than 25 April 1946 and the reenlistees will report to Camp Kilmer, New Jersey, not later than 1 May 1946 for overseas processing.

For further information contact the nearest recruiting station The Army Recruiting Stations in Mississippi are located in Jackson, Clarksdale, Greenwood, Hattiesburg, Tupelo, Meridian, McComb, Gulfport, Columbus, Vicksburg, Greenville, Kosciusko, Laurel, Aberdeen, Louisville, Corinth, Forest, Natchez, Philadelphia, Brookhaven, Columbia, and Yazoo City.

### Awarding of American Legion Medals

School Awards Program indicates a recent increase over last month's census as it is now estimated that more than 700 boys and girls of Mississippi Grammar school graduating classes will be presented with the American Legion Medal this year, announced Dr. William D. McCain, State School Award Director.

So as to more completely cover the grammar schools in their respective Post areas, several Posts have ordered medals and certificates.

The American Legion presents this program to the younger generation as one of the ideals of Americanism. "This program presents to the young men and women the problems that have confronted their fathers and forefathers and which will eventually face them in the near future. It is our anticipated intention to render a service to the community and school, as well as the students to develop future leadership," says Dr. McCain.

## THE RURAL TELEPHONE JOB AHEAD

We are enlarging our rural telephone expansion activities just as rapidly as equipment and materials become available.

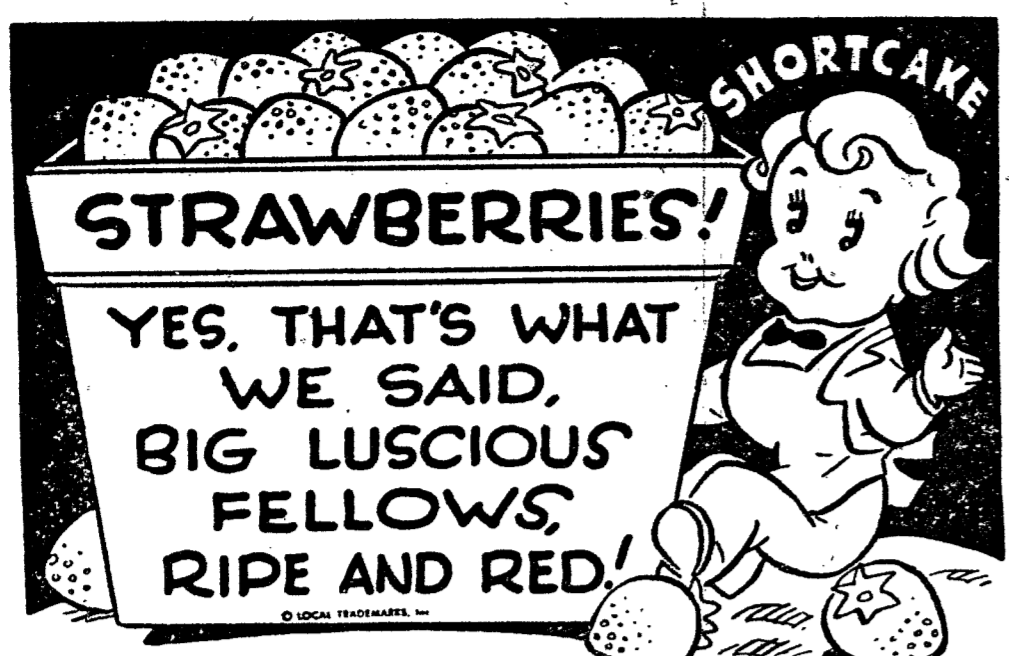

At many places we have to install more equipment at the central office, in addition to building telephone lines out into the rural areas, before we can furnish service.

At other places we even have to construct or enlarge buildings before we have space to install the central office equipment.

Much depends on how rapidly manufacturers can supply the necessary equipment and materials. However, we will continue to go forward with our rural telephone work as fast as conditions permit.

### PEACETIME CAREER NAVY OFFERS GOOD

At this time the Navy is offering a good paying peacetime career to men seventeen to thirty years of age. Almost all naval billets require specialized training. For this reason the Navy maintains many service schools to which recruits are assigned upon completion of their recruit training. Men attending a Navy School are not only being prepared for a job but for the responsibilities of a Naval Petty Officer.

Every enlisted man in the Navy has an opportunity to become a petty officer. The Navy is anxious for him

to earn a rate, and provide every opportunity for him to learn and advance. There are two avenues to advancement to petty-officer ratings.

The first is by striking for a rating when assigned to a ship or shore station direct from recruit training. In this billet, preparations are made for a rate by working and studying "On the Job."

The second is by graduating from a Class A Service School as a designated striker. These men obtain their rates as soon as they demonstrate they can handle the job. Some recruits have civilian-work experience closely related to a Naval Rating. These men may be assigned to the service school preparing for that rating, and graduated from such a school in considerably less than the usual length of training if their skills justify it.

An enlisted man in the Navy may make up to \$138.00 per month as a Chief Petty Officer plus monetary allowances for clothing and five percent, longevity for each 3 years service.

All men who are enlisted by 1 July 1946 will be entitled to the wartime allowance for dependents. This allowance will continue throughout the full term of an enlistment entered into at this time. Also the twenty percent extra for foreign and sea duty has been continued.

For further information concerning enlistment in the U. S. Navy, contact the U. S. Navy Recruiting Station, 218 Hatten Building, Gulfport, Miss.

### THE METHODIST CHURCH

Corner Main and Second Streets  
REV. PHILIP E. PIERCE, Pastor  
Church Services Sundays 11:00 A. M.—7:30 P. M.  
Morning: "Heavenly Architect"  
Evening: "With the Master"

When you plan that new home be sure to include adequate wiring. You will want many of the new time and labor saving electric appliances that go to make living more leisurely. Your kitchen will be all electric, of course, but don't neglect the other rooms of your house. Be sure to have plenty of handy outlets so that your electric helper can serve you well and with a minimum of trouble.

Don't let your home be one that is inadequately wired to enjoy this new electrical living that is just around the corner. We suggest you carefully check your house plans to see that they provide for adequate wiring. It will pay you dividends in better, happier living.

### A FEW CHECK POINTS FOR ADEQUATE WIRING

- KITCHEN**—You'll need a convenience outlet circuit for your refrigerator, mixer, toaster and coffee maker, and special circuits for electric range and dishwasher sink.
- LAUNDRY**—Convenient outlet circuit for washer and ironer. Special circuits for clothes dryer and water heater.
- MISCELLANEOUS APPLIANCES**—Convenience outlets throughout house for vacuum cleaner, radios, table appliances, space heaters, electric blankets, etc.
- LIGHTING**—Circuits for good general and local lighting. Convenience outlets for portable lamps, pinups, etc.
- OTHER NEEDS**—Reserve circuit capacity for additional home equipment. For example, a separate circuit is needed for a stoker and circulating fan used with a warm air furnace or for an air cooling unit.

CHECK YOUR WIRING PLANS WITH YOUR ARCHITECT, ELECTRICAL CONTRACTOR, OR ELECTRICIAN. ARRANGE TO ADEQUATELY WIRE FOR CONVENIENCE AND UTILITY.

**MISSISSIPPI**  
POWER COMPANY

### ORTTE THEATRE SUNDAY - MONDAY JUDY GARLAND IN "THE HARVEY GIRLS"

In Technicolor, with John Hodiak and Marjorie Main

The story of the pretty waitress imported West by Fred Harvey and his now famous "eating houses" has been made into a completely captivating musical in M-G-M's "The Harvey Girls," which shows Sunday and Monday on the Ortte screen.

Filmed in Technicolor against the picturesque frontier background of New Mexico of the 1890's, "The Harvey Girls" offers unlimited scope for the dramatic, comic and song-and-dance talents of a dazzling array of talent headed by Judy Garland, and including John Hodiak, the nimble-footed Ray Bolger, Angela Lansbury, Preston Foster, Virginia O'Brien, Kenney Baker, Marjorie Main and Chill Wills.

Miss Garland is cast as Susan Bradley, on her way to Sandrock, tough New Mexico pioneer town, to marry H. H. Hartsey (Chill Wills), a cowboy to whom she has become betrothed unseen as the result of his sympathetic correspondence. Discovering his letters were a hoax perpetrated by Ned Trent (John Hodiak), proprietor of the Alhambra gambling hall, Susan joins forces with a group of waitresses who are helping to open a new Tarvay restaurant.

The battle between law and order in Sandrock, as represented by the Harveys and the Santa Fe Railroad, and gambling and crooked rule as represented by the dance hall crowd, resolves itself into a personal feud between Susan and Edm (Angela Lansbury), queen of the Alhambra over the love of Trent, with Susan coming out triumphant in the end, even though she has to resort to a brace of six-shooters to win her man.

Johnny Mercer and Harry Warren have given the picture a rich musical scope replete with hit tunes divided between the talents of Miss Garland, Miss Lansbury, Miss O'Brien and Cyd Charisse. It all adds up to outstanding entertainment.

### Wilmer's Grocery Softball Team Defeats Waveland

Wilmer's Grocery Softball team defeated Waveland in a nine inning game which was played in Waveland, Sunday, April 11.

New Orleans Bar Ramblers defeated Kila in a score of 13-4.

Wilmer's Grocery team will play a double-header Sunday at the Back School diamond. Waveland and Cedar Point. First game at 1:30.

—Got a room to rent? Want to sell something? Want to buy something? The easiest way to do it at only a small cost is to run an ad in the Echo's Classified Column. These ads bring results.—Adv.

### MISSISSIPPI STATE HIGHWAY DEPARTMENT NOTICE TO CONTRACTORS

Sealed bids will be received by the State Highway Commission, at Jackson, Mississippi, until 10:00 o'clock A. M. Tuesday, April 23, 1946, and shortly thereafter publicly opened for.

Construction of Grading, Drainage Structures and Bridges on 5.321 miles of the New Orleans-Bay St. Louis Highway in Hancock County, known as Mississippi Federal Aid Project No. (S. N.) FAP-159 (3).

Contract Time: 175 working days. The attention of Bidders is directed to the Special Provision governing selection and employment of labor.

The minimum wage paid to labor employed on this contract per hour shall be: Skilled Labor, 75 cents; Unskilled Labor, 40 cents; and Intermediate Grades, 50 cents.

Plans and specifications are on file in this office. Proposals may be secured upon payment of \$5.00, which will not be refunded.

Certified check or bid bond for five percent (5%) of bid made payable to the STATE OF MISSISSIPPI must accompany each proposal.

Bidders are hereby notified that any proposal accompanied by letters qualifying in any manner the conditions under which the proposal is tendered will be considered an irregular bid, and such proposals will not be considered in making the award. 4/5/3wks.

### NOTICE TO BIDDERS

...Notice is hereby given that the COMMISSION COUNCIL of the CITY OF BAY SAINT LOUIS will receive sealed bids for the furnishing to the CITY OF BAY SAINT LOUIS with SEVEN HUNDRED AND FIFTY FEET (750), Standard double jacket or better 2 1/2 inch hose with couplings. All to meet the requirements of the Underwriters Laboratories and/or specifications as promulgated by the Mississippi State Rating Bureau.

Bids must be filed with the CLERK of the COMMISSION COUNCIL of said City before ten o'clock A. M. APRIL 15th, 1946.

The COMMISSION COUNCIL of said City reserves the right to reject any and all bids and award the contract to the best interest of said City.

ORDERED this 14th day of March, A. D. 1946.  
COMMISSION COUNCIL CITY OF BAY ST. LOUIS.

By H. GRADY PERKINS,  
City Clerk.

### Uncle Sam Says

This fool's cap fits none of my nephews, least of all you, who learned during the war that the easy way to save part of your pay was to sign up on the payroll savings plan. I am visiting in Philadelphia today. Philadelphia is the home of the Liberty Bell and Benjamin Franklin, who said a penny saved is a penny earned. If Franklin were alive, he would revise this statement to \$3 saved in U. S. Savings Bonds are \$4 in your pockets ten years hence. Franklin would agree with me that this fool's cap fits only those persons who think because the war is over it is no longer profitable for them to save by buying Bonds.

U. S. Treasury Department

### Doctors Needed for VA Hospitals in Mississippi

The Veterans Administration is in need of doctors to staff its three VA hospitals in Mississippi. Dr. Lee D. Cady, Branch Medical Director for the states of Mississippi, Louisiana and Texas, announced today. Dr. Cady, who took over his duties in this area two weeks ago, was here on an inspection tour of VA hospital installations in Mississippi and Louisiana.

"Every medical installation we have in this state is under-staffed at present, necessarily reducing the number of patients we are able to handle," Dr. Cady said. "In the Jackson hospital alone we could be taking care of three times as many veterans as we are able to care for at present, if we had sufficient personnel."

The Veterans Administration has made drastic change in its hospital program in order to make it more attractive to doctors, the Medical Director stated. He cited the recent divorce of VA doctors from Civil Service, allowing greater opportunities for professional advancement that will result in better salaries as a major factor in this regard.

Dr. Cady cited Foster General Hospital at Jackson, taken over from the U. S. Army on January 21, as an example of a hospital that has been doing an excellent job in view of a shortage of personnel. With an average of only five doctors since that time, it has examined 643 patients who were determined in need of hospital care, admitted 403 and discharged 308 patients as no longer needing hospital treatment. During this period, 72 surgical operations have been performed. At present the hospital has six doctors, and two more are expected shortly, Dr. Cady said.

The VA at present has access to facilities at Foster General Hospital for 500 patients, but is limited, because of the shortage of doctors, to using only about 100 beds. The hospitals at Gulfport and Biloxi are both overcrowded with patients and lacking in doctors, he said.

A 250-bed addition to the neuropsychiatric hospital at Gulfport is now being completed, and erection of new facilities is being considered for Biloxi, Dr. Cady said. He revealed that two other hospitals, of about 200 beds each, are contemplated for Mississippi in the near future.

"We need doctors in all fields of medicine, both for full-time and part-time work, to staff our present facilities, as well as those contemplated for the future," the medical director said. "The average doctor can make from \$4,300 to \$8,000 with VA on a full-time basis. We can also use some doctors on a part-time basis, for half-days or only a few hours a day."

Before joining the VA two weeks ago, Dr. Cady was a colonel in the Army Medical Corps. A veteran of both World Wars, he commanded the 21st General Hospital in Africa, Italy and France, which cared for more than 65,000 patients in the three theaters. The hospital he headed in France was the largest military hospital overseas, with more than 4,000 beds.

Early Mississippi laws required male citizens over 21 to give six days work a year for the building and upkeep of roads. Today Mississippi has one of the finest highway systems in the nation with nearly 4,000 miles of hard-surfaced roads.

Mississippi was one of the first governments in the world to recognize the right of married women to own property.

### FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine.

People everywhere are finding relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsams, Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many doctors recommend. All druggists sell Swamp Root.

### A. & G. THEATRE SUNDAY - MONDAY "LEAVE HER TO HEAVEN"

Starring Gene Tierney, Cornel Wilde, Jeanne Crain In Technicolor

Hailed as the 1st psychological drama ever to be filmed in Technicolor, starring Gene Tierney in her most important role to date, Cornel Wilde in his first modern romantic part, and Jeanne Crain in her first adult screen assignment, "Leave Her To Heaven," 20th Century-Fox's film version of the dramatic Ben Ames Williams best-seller, at the A. & G. Theatre Sunday, Monday and Tuesday.

The story of a girl who wanted above everything else, a complete monopoly on the thoughts and interests of the man she loved, became one of the most widely discussed books of the year when it climbed to the top of the best-seller lists and rolled up a total of nineteen million readers. In bringing "Leave Her To Heaven" to the screen, Darryl F. Zanuck let out all stops, giving Producer William A. Bacher the green light with a heavy budget to allow for Technicolor photography by Leon Shamroy, last year's "Oscar" winner for his camera work on "Wilson."

Casting of Characters A Challenging Problem

Selecting the stars to bring screen life to the complex characters that people the book presented Producer Bacher with one of the most challenging problems Hollywood has ever known.

Gene Tierney plays the subtly psychopathic young wife, Ellen Berent, who will stop at nothing—even murder, to be loved as completely as she loves. Young, beautiful and lovable—yet a psychopathic demon, passionately warm and murderously cold by turns, the role of Ellen has no precedent on the American screen. That it establishes Miss Tierney, who scored such sensational successes in "Laura" and "A Bell For Adano," as one of filmdom's most versatile and talented stars, is evident from the enthusiastic acclaim being accorded her portrayal.

Cornel Wilde, who became a star overnight in "A Song To Remember," is seen as the man who inspired Ellen's possessive passion and jealousy. Jeanne Crain, who had a sensational debut to stardom since her movie rise in pigtail two years ago in "Home in Indiana," is seen in her first adult role in "Leave Her To Heaven."

### FOUR-H'ERS ADOPT APPROVED PRACTICES TO SAVE FARM SOIL

Determined to protect their farms for present and future production, 4-H Club members in this state are adopting recommended practices to prevent soil wastage and deterioration.

The rural youth learn these practices in the National 4-H Soil Conservation program. They include establishing permanent pastures, removing wooded slopes from grazing, contour farming, strip cropping or terracing and making soil tests for limestone, phosphate or potash requirements.

As incentives for outstanding 4-H records in soil conservation, merit awards provided by Firestone. The awards include gold-filled medals to county winners and \$50.00 U. S. Savings Bonds to the six highest rating participants in a state. Sixteen sectional champions are selected from the states' top ranking representatives, who will receive an educational trip to the 25th National 4-H Club Congress in Chicago. Eight of the sectional winners will be named to receive a \$200.00 college scholarship each.

The program is conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating. Complete information may be obtained from county extension agents.

Over fifty percent of Mississippi is covered by timber. Actually, 52 1/2 out of every 100 acres in the State is in woodlands, making it fourth in the nation in lumber and forest products.

#### CARD OF THANKS

We wish to express our sincere and heartfelt thanks to relatives and friends for the kindness and sympathy shown us during the Death of our beloved son and Brother Novil Necaise.

SPECIAL, Thanks to the Doctors, and Nurses who attended him and the McDonald Undertaking Company also we want to thank Father Toner who rendered special assistance. Many thanks for the beautiful floral offering. All have our everlasting gratitude.

AMBROSE NECAISE AND FAMILY.

### Leetown News

Mrs. Shelby Lee visited Mr. and Mrs. A. D. Jarrell of Bogalusa, Sunday.

Mr. and Mrs. Ardell Stockstill and Betty Lee visited Mr. and Mrs. Gaston Lee, Sunday.

Miss Joyce Lee and Miss Eloise Carney of New Orleans, visited Mr. and Mrs. Fitzhugh Lee over the week end.

Mrs. Tom Stockstill is spending a few days with her daughter, Mrs. Archie Lee.

Mr. Louis Lee and Mr. and Mrs. Grady Lee made a business trip to New Orleans, Wednesday.

Mr. and Mrs. John Campbell's daughters Loraine and Ruby are visiting their parents for a few days.

Mrs. Roy Weems is convalescing in the home of Mr. and Mrs. Beber Lee.

Miss Irene Seal was the guest of Miss Easter Bilbo, Saturday night.

Mrs. Oliege Necaise visited her sister, Mrs. Randolph Seal on Monday.

#### CARD OF THANKS

The Altar Society wishes to thank all those who helped make the Apron Sale a grand success. Thanks to Mr. Stevenson for store space, to the Dicksons for window display, the ladies who had charge of sale, members and friends who donated aprons and cash, and those who patronized the sale. Exact sum realized will be announced at the meeting next week.

### Certificates of Eligibility To Purchase Surplus

Jackson, Mississippi, April 5 (Special)—State Superintendent J. M. Tubb says that Certificates of Eligibility are being mailed to the heads of all the tax-supported and tax-exempt educational institutions in the state which will entitle the institutions to a 40% discount in the purchase of surplus property. Each institution is given a symbol for identification purposes on all correspondence and purchase orders.

Mississippi schools have received a great amount of surplus property already states Mr. Tubb, due to the alertness of school heads for their institution's needs. Applications for surplus property in terms of needs and ability to buy at a 40% discount should be forwarded to the State Surplus Property Agency, Box 45, Jackson, Mississippi. The apparent abundance of surplus property presents a great opportunity to the educational institutions of our state and the heads of the institutions will not be "asleep at the switch," pledges Mr. Tubb.

### GULFPORT DOWNS IMPROVED ROCKS IN RETURN MATCH

In the second tennis match with Gulfport High school the Rock-A-Chaw team again took a beating. However, the Rocks gave a better account of themselves this time.

Peter Quoyeser was the only Stanislaus boy to win his match. He defeated Philip Rhodes 7-5, 3-6, 6-3. In the other single match Chucho Noval was beaten by Arlen Nihart of Gulfport. The scores were as follows: 6-2, 8-6, 6-4.

The doubles consisted of two teams. Arlen Nihart and Buba Weatherly who beat Rodney Ranson and Milton Cordell of Stanislaus. The second match was not finished because of the lack of time.

## ANNUAL CANCER DRIVE STARTED

The National Cancer Society has started its annual drive for funds and you are asked to give—give as much as you can, for—

Did you know scientists have named the Cancer, our No. 1 Enemy? No other known disease has caused (and is continuing to cause) more deaths. The cancer has no regard for age. Children, grown ups and the aged are stricken alike. It is a stated fact that there were more deaths from cancer from Pearl Harbor until V-J Day than from casualties.

**BUT CANCER CAN BE CURED**—and you can join the Army of Helpers, by making a generous contribution . . . for 60% of the money collected is retained in our own community, so that better hospital facilities can be built, where—

a—Examinations can make you sure that you are free from cancer.  
b. Modern X-Ray equipment and more radium.

c—More hospital provision for cancer patients.

d—Education of the public as to cancer danger signals and necessity of early diagnosis and treatments.

e—Visiting nurse service for cancer patients.

If you know about something, you can talk about it—SO—

Spread knowledge everywhere of the danger signals of cancer and urge people to consult a doctor in time to be cured . . . Be sure that you give all you possibly can.

## Refreshed Tour For South Miss. County Agents

On Friday, April 19, approximately 40 county agents and extension Dept. specialists from State College will make a tour of Hancock County to study livestock, feeds, and pastures.

County Agent C. C. Stone will direct the tour beginning at 8:30 a. m. on the farm of Mr. R. S. Gibbs of the Leetown community. Mr. Gibbs will hold a discussion of his cattle, pasture and feed program. A demonstration follows showing the control of horn flies with DDT and proper methods of castrating and de-horning calves.

At 11 A. M. the group will arrive at the James L. Crump farm in Kiln. Mr. Crump assisted by C. C. Stone, will discuss his cattle and pasture program with a study of his cross-bred cattle.

Specialists making the trip are Messrs. Paul F. Newell, W. R. Thompson, E. E. Gresson, Jim Ward, R. M. Lancaster, W. L. Richmond, L. C. Murphree, H. H. Loveck, and H. W. Bernhart.

## Educator Addresses P. T. A. At Monthly Meeting

Dr. N. A. McLemore, Dean and Professor of History at Miss. Southern College, brought to the meeting of the Bay High P. T. A. an address on the set up and functions of the U. N. O. Tuesday night in the school auditorium. Beginning his lecture on past failures of such united efforts for peace, Dr. McLemore led up to the present great council with explanation of its week and strong points, declaring that with over 70 percent of the world's population represented, not including our recent adversaries, the actual success depends on the people. With over 40 percent of the population of member nations belonging to the Big Five, Dr. McLemore believes that as long as they agree there can be no war, because none of the smaller nations are capable of waging and financing it.

After the lecture, the discussion was left open for questions and it was during this period that the veto power of the Big Five in the Security Council was explained.

Dr. McLemore was introduced by Mr. Al Cox, prominent Bay St. Louis citizen.
